2024

**Come for Tea & Cake
in Church**

& see our Poppy Display
Thursday, 7th November
3pm
All welcome!

BUS ROUTE 71

Thought for November

With our Ignite Youth Group we are this term looking at characters from the Old Testament, reflecting on the theme of "Hearing God" and the sub-themes of "Obedience & Disobedience, Choice & Consequences".

The other week we looked at Moses. He met God through the burning bush, clearly heard God speak his instructions to rescue the Jews in captivity in Egypt..... and refused. "I can't do it".

"they won't listen to me"

"Send someone else"

Yet God had a plan and Moses was to be a part of it. Helped by Aaron he eventually did as God bid, and the people were saved.

As Christians we are all called to share the good news and "Make Jesus Known". We are called to live out our faith in the church and the community, playing our part and making a difference. Will we heed or ignore the call?

Women's Breakfast

8 - 9am in the Rectory
2nd Saturday in the month

Donkey Rocks

It's that time of year again! This year we will once again be painting hundreds of nativity themed rocks to hide around the parish later in November. This year's nativity character is the donkey. Painting begins on Friday 25th October, from 10-2pm in the hall, with rock washing and sorting. We will be hiding the rocks from Friday 15th November, and our 'Rock Concert' service will be at 3pm on Sunday 1st December. Do get in touch with Clare if you'd like to be involved with any part of the rock project!

Refuse, Reduce, Reuse, Repurpose and Recycle

The natural world reminds us nothing is wasted in creation. Autumn leaves become spring's fertile mulch and fallen trees rot to provide homes for insects and return nutrients to the soil. Every element has a fruitful role. Yet we still buy and throw away an average of half a tonne of waste per year. To reduce waste, we need to tackle both ends of the cycle; to both buy less and recycle more. It is both a technical exercise and a spiritual discipline.

BUY LESS Over-consumption is the biggest driver of climate change. Almost everything we buy will have depleted the world's resources: fossil fuels, fish or phosphorus for fertiliser. The world population is approaching 8 billion people. If each of them lived the way we do, we would need over 2 and a half Earths to provide all our wants. Anything we can do to stop that depletion has to help. There is a growing body of evidence that buying less is good for our mental health and our friendships as we worry less about what we have and more about how we relate to other people.

BUY SECOND HAND The rise of a second-hand culture means there are numerous places where you can buy pre used goods; in person at charity shops, on Facebook and on dedicated websites.
